### REMARKS

This Amendment is submitted supplementary to the previous Amendment and in connection with the interview with the Examiner.

The Examiner's highly beneficial cooperation during the interview has been gratefully acknowledged. It has been determined that additional clarification of claim 1 would be advisable, and therefore claim 1 has been amended correspondingly.

The new features of the present invention as defined in claim 1 are not disclosed in the prior art and can not be derived from it as a matter of obviousness.

Reconsideration and allowance of the present application is most respectfully requested.

Should the Examiner have any further comments or suggestions, the undersigned would very much welcome a telephone call in order to discuss appropriate claim language that will place the application into condition for allowance.

Respectfully submitted,

Michael J. Striker
